3-inch solar water pump inverter

Overview

What is a solar pump inverter?

Solar pump inverter is an essential component for powering 3-phase water pumps using solar energy. It converts the DC power generated by solar panels into AC power that can be used to drive the water pump, providing an efficient and sustainable solution for water pumping needs.

What is a 3 inch solar water pump?

3 inch solar water pump with special DC controller can be used for pond, farm, fountain or pool. 1/2 hp solar water pump with low cost can pump 800~1000 gallons per hour. The maximum head is 47~50m. The working voltage of 400W solar water well pump is DC 48 volt. DC controller with LED display can show power, voltage, current and speed values.

What is a 3 inch 900 watt solar water pump?

This 3 inch 900 watt solar-powered water pump is an environmentally friendly and energy-saving solution designed to use the electricity generated by solar panels to move water. It adopts advanced solar integration design to ensure efficient energy conversion and reduce dependence on traditional power sources.

What is a 3 phase solar pump inverter?

The 3 phase solar pump inverter is widely used in agricultural irrigation, domestic water supply, livestock watering, aquaculture, emergency water supply, and desert reclamation. 5.5 kW solar pump inverter with affordable price, AC 13A output at 3-phase, MPPT tracking technology, and real-time detection of power voltage.

Which solar water pump inverter is available online?

The 5.5kW three-phase AC 220V solar pump inverter is now available online. This solar pumping inverter integrates advanced MPPT tracking for precise

voltage detection and optimal performance. The solar water pumping system supports AC and DC input, with a DC voltage range of 300V~380V and a power factor >0.99 .

Is a solar pump inverter a good choice?

With its advanced features and reliable performance, a solar pump inverter is an excellent choice for those seeking to harness the power of the sun for their water pumping needs. The Sunmoy solar pump inverter offers several advantages over traditional water pumping solutions and other solar pump inverters, including:

3-inch solar water pump inverter
