The Jinko 495W Solar Panel (JKM495N-60HL4) combines cutting-edge N-type technology with a maximum power output of 495W and an exceptional efficiency of 22.26%. With advanced Tunnel Oxide Passivating Contacts (TOPCon) and HOT 3.0 technology, this mono-facial module minimizes light-induced.

JA Solar was founded back in 2005 with the goal of providing high-performance photovoltaic products and, with currently 12 manufacturing bases and more than 20 branches around the world, produces the highest quality silicon wafers, cells, modules and photovoltaic power stations. The JA Solar.

When ordering less than a full skid, an \$85 breakout charge applies for handling and repacking. 1. Orders smaller than a full skid require additional warehouse services, including breakout from pallets, repacking, and storage. An \$85 breakout fee applies per order to cover these costs. The breakout.
