# Albania EMS system energy storage power station

**Low Voltage  
Lithium Battery**

**6000+** Cycle Life

## Overview

---

As Europe's energy landscape evolves faster than a TikTok trend, Albania is stepping up with this 100-megawatt/400-megawatt-hour lithium-ion battery system, set to become operational by late 2026 [1]. This project isn't just about storing electrons - it's about rewriting the rules of energy security.
