

## Kongres Container

# Angola polycrystalline solar panel source manufacturer

## Overview

---

**Key Figures & Findings:** In a significant step toward clean energy, Angola's state-owned National Petroleum Company, Sonangol, has signed an agreement with Chinese firm Qinghai Lihao Clean Energy, a company specializing in producing and selling semiconductor materials to build a polysilicon plant. Can Angola create a solar PV industry chain?

Lihao aims to bring its expertise to Angola to create an entire solar PV industry chain. Wang Fu, Chairman of Lihao, highlighted that this project will be the first of its kind in Angola, providing the country with its own solar panel manufacturing capabilities “within a few years.

Can Angola become a regional hub for solar production?

Lihao currently operates 150,000 tons of high-purity polysilicon capacity in China, reflecting its robust production expertise. **Future Implications:** Should the project proceed as planned, Angola could become a regional hub for solar manufacturing, reducing dependency on imported solar materials.

Can Angola build a polysilicon plant?

**Key Figures & Findings:** In a significant step toward clean energy, Angola's state-owned National Petroleum Company, Sonangol, has signed an agreement with Chinese firm Qinghai Lihao Clean Energy, a company specializing in producing and selling semiconductor materials to build a polysilicon plant.

How many companies are involved in polycrystalline panel production?

Companies involved in polycrystalline panel production. 1,227 polycrystalline panel manufacturers are listed below.
