

Kongres Container

Appearance of liquid-cooled energy storage cabinet

Overview

What is a liquid cooled energy storage battery container?

ong lasting, battery energy storage system. Liquid-Cooled ESS Cabinet Liquid-cooled energy storage battery container is an integrated high-ensity energy system, Consisting of batt ry . PRODUCT SPECIFICATION Composition Of . Compact : 1.4m² footprint.

What is a Bess 365kwh energy storage system?

BESS-365kWh Liquid-Cooled Energy Storage System The BESS-365kWh provides a strong balance between capacity and space-saving design, making it a cost-effective solution for commercial and medium-scale industrial use. Equipped with high-efficiency cooling and energy-dense LiFePO₄ cells, it offers high reliability and reduced maintenance.

How many kWh is a Bess cabinet?

Ranging from 208kWh to 418kWh, each BESS cabinet features liquid cooling for precise temperature control, integrated fire protection, modular BMS architecture, and long-lifespan lithium iron phosphate (LFP) cells.
