Argentina communication base station energy storage cabinet supplier

Overview

Can battery energy storage modernize the grid in Argentina?

The Argentina's ambitious push toward grid modernization through battery energy storage has received an enthusiastic response, with CAMMESA (Compañía Administradora del Mercado Mayorista Eléctrico) confirming the submission of 27 project proposals from 15 companies under its AlmaGBA program.

Will Argentina integrate new electricity storage infrastructure into urban distribution networks?

This national and international open call, part of Resolution SE 67/2025, marks Argentina's first large-scale effort to integrate new electricity storage infrastructure into urban distribution networks.

What does the almagba tender mean for Argentina?

The AlmaGBA tender not only signals growing investor confidence in Argentina's energy transition but also sets the stage for grid resilience and renewable integration. Evaluation of submissions is now underway, with final selections expected to shape the country's storage landscape for years to come.
