Bahamas imported solar water pump inverter model

Overview

What is int gd100-pv solar pump inverter?

INVT GD100-PV solar pump inverter is specially designed for photovoltaic (PV) water pump systems. It is suitable for agricultural irrigation, water supply in mountainous areas, desert control, and other scenarios, making it an ideal solution for green energy applications. 1. Advanced MPPT algorithm.

How to make inverter power higher than pump power?

- 1.If the cable between inverter and pump, is longer than 50m, we suggest to add filter into cable or make inverter power 2 level higher than pump power.
- 2.If inverter work in high temperature like desert, we suggest to make inverter power 2 level higher than pump power.

What is gd100-pv series solar pump VFD?

INVT GD100-PV series solar pump VFD improve the usability and performance and extend applicable voltage levels and power range, our solar water pumps for agriculture.
