# Battery cabinet and battery rack installation sites

## Overview

---

What is a rack mount battery system?

Our stackable, rack mount battery systems are designed for residential, commercial, industrial and utility scale applications. It provides reliable power storage solutions and is suitable for a variety of applications. It has a long lifespan and can be used in a wide variety of environments, making it an ideal choice for any energy storage needs.

What is a battery rack made of?

Made with welded heavy-gauge steel construction, our battery backup cabinets and battery racks are made to last and designed with options to give your facility a unified look. We offer multiple battery racks with different configurations, including both rack mount and cube layout units. Either option can be custom configured.

Does C&D offer a battery cabinet?

C&D now offers an integrated battery cabinet solution. We carry a full line of factory-assembled cabinets designed for data center UPS backup systems with pure lead agm batteries. C&D supplies high quality VRLA battery racks to telecommunications, data center, and energy & infrastructure markets.

What is a CIBR battery rack?

Charles Indoor Battery Racks (CIBR) are modular, seismic Zone 4 rated (GR-487 certified) battery rack systems designed to fit the footprint of VRLA batteries from a variety of battery manufacturers or Saft Tel.X Ni-Cd batteries. In addition to several standard configurations, there are also single tray options that can be built on site.

Does C&C power offer a battery rack?

C&C Power offers multiple battery racks with an array of configurations, including both rack mount and shelf layout units. Either option can be

configured to the form that most effectively meets your needs.

What is a C&D battery rack?

C&D supplies high quality VRLA battery racks to telecommunications, data center, and energy & infrastructure markets. C&D racks meet seismic loading requirements and are suitable for all cell configurations, including multi-row and multi-tier layouts. Contact C&D Technologies for additional information.
