Black Mountain Pack Lithium Battery

Overview

Does Black Mountain own a battery storage system?

It is not clear if Black Mountain intends to own or sell the battery storage system, which it has named American Pharaoh BESS. It has developed and sold 15 battery storage sites, mostly in Texas, to utilities or investors and has more than 30 projects in the pipeline, according to its website.

Does Black Mountain Energy Storage have an application?

The PSC has not yet received an application from Black Mountain Energy Storage. We Energies spokesman Brendan Conway said the company is not actively involved in the project and referred questions to American Transmission Co., the Pewaukee-based company that manages the electric transmission network in most of Wisconsin.
