British outdoor power supply purchase

Overview

What is the standard power supply in the UK?

The standard domestic power supply to all UK homes, schools and offices etc is set at: ● 230 V AC ● 50 Hertz (Hz) This is the same across the whole of Europe and has been since 2003, before then the UK supply was 240 V AC and Europe 220 V AC.

What is a Philips Hue 40W outdoor power supply?

The Philips Hue 40W Outdoor Power Supply is not only powerful but also energy-efficient. It optimizes energy usage, helping you reduce your carbon footprint and save on electricity bills. Enjoy a brilliant and eco-friendly outdoor lighting experience that won't break the bank.

Do I need a power supply for my caravan?

However, it's always important to have access to some kind of power supply to help get your camping essentials going – such as airbed pumps and an electric hook up for the electrics inside your caravan.
