# Burkina Faso organic solar energy storage

## Overview

---

The Government of Burkina Faso has signed a Public-Private Partnership (PPP) agreement with a local developer and a Dutch clean energy investment firm to develop a major solar and battery storage system.

The Government of Burkina Faso has signed a Public-Private Partnership (PPP) agreement with a local developer and a Dutch clean energy investment firm to develop a major solar and battery storage system.

The project is earmarked to deliver 150MWp of solar PV power integrated with a 50MW battery energy storage system (BESS) The Government of Burkina Faso has signed a Public-Private Partnership (PPP) agreement with a local developer and a Dutch clean energy investment firm to develop a major solar.

Dutch developer Gutami Holding has signed a 25-year power purchase agreement with Burkina Faso's national utility to supply electricity from a planned 150 MW solar project paired with 50 MWh of storage. The government of Burkina Faso has formalized a public-private partnership with.

Did you know Burkina Faso's capital experiences 2,800 annual sunshine hours yet struggles with chronic power outages?

As of March 2025, Ouagadougou's electricity demand exceeds supply by 38% during peak hours [7]. This glaring paradox makes solar energy storage not just preferable but urgent for.

The government of Burkina Faso has formalized a public-private partnership with Netherlands-based developer Gutami Holding for a 150 MW Solar PV Storage project with 50 MWh of accompanying Battery Energy Storage System (BESS). A 25-year power purchase agreement is also in place between Gutami and.

International bidders have again been requested to submit prequalification documents for Burkina Faso's 75MWp/75MWh Konéan and 45MWp/45MWh Kouritenga solar-storage projects, both backed by the World Bank and Clean

Technology Fund. Want to read more?

Don't have an account?

International bidders have.

A solar farm in Ouagadougou generating clean energy by day, while specially designed battery containers hum quietly nearby – like giant smartphone power banks for the national grid. That's exactly what the Ouagadougou Linyang Energy Storage initiative brings to Burkina Faso's energy landscape. As.
