Czech solar inverter manufacturer

Overview

What makes Czech Republic a great country for solar energy?

There is a long list of solar energy equipment manufacturers and suppliers in Czech Republic. This makes it possible for the country to have a high share of the renewable energy market in Europe and worldwide. In fact, some of the biggest manufacturers and producers of solar panels and technology are serving the Czech market.

How is the solar industry growing in Czech Republic?

In Czech Republic, in particular, the solar industry is experiencing a massive growth period. There are more households and businesses that have installed solar roof panels. Czech Republic held a 19% share in renewable energy for electricity generation. They are expected to increase the share to 22% by 2030.

Who makes solar PV inverters?

Other major players in the solar PV inverter industry include Fronius (Austria) and Schneider Electric SE (France), as well as Enphase Energy, Morningstar Corporation, and Tesla (all three companies from the United States). Fronius inverters are suitable for varied customer requirements—from a family home to a large-scale system.

What is the future of solar energy in Czech Republic?

In the 2021 Solar Conference, Industry and Trade Minister Karel Havlicek reveals that the future is bright for the solar energy market in Czech Republic. The country plans to move away from coal as its main power source and they are looking at renewable sources as a viable option for replacement.

What is a solar inverter?

The solar inverter or inverter converts direct current into alternating current, thanks to which the energy from the photovoltaic system can only be used.

We offer classic or hybrid (mains and battery) inverters with different performance and characteristics.

Who is Fimer solar inverter?

Founded: 1942 Location: Monza, Lombardia, Italy FIMER is a leading solar PV inverter maker. FIMER specializes in central inverters, string inverters, micro-grid solutions, turnkey stations, and other PV solutions for C&I, residential, and utility-scale applications. In 2020, FIMER acquired ABB's solar PV inverter business.
