Danish off-grid power frequency 20kw inverter

Overview

The output frequency of this 20kw off grid solar inverter can be chosen 50Hz or 60Hz. Cheap DC to AC off grid without battery power inverter for solar power system, three phase 4 wire connection, pure sine wave output, input & output fully isolation.

The output frequency of this 20kw off grid solar inverter can be chosen 50Hz or 60Hz. Cheap DC to AC off grid without battery power inverter for solar power system, three phase 4 wire connection, pure sine wave output, input & output fully isolation.

3 phase power inverter is a pure sine wave off grid inverter with cheap price, 20kW output power rating, no battery storage system, transforms 120V DC to 480V AC (input and output voltage are customizable), high efficiency and stable performance. Off grid pv inverter with LCD display. The output.

- 20kW high-power off-grid solar inverter and controller all-in-one machine, 192V battery voltage.
- Output pure sine wave, THD <4%, efficiency $\geq 90\%$.
- Equipped with overload protection, charging protection, short circuit protection, etc.
- A variety of modes can be set, flexible application in.

Wifi module is included, which allows the user to view the operating status and parameters of the inverter via the mobile phone APP, UL 1741 by ETL for Off Grid Solar System. ★ Parallel Kit: Parallel 6 units up to 48KW power output, you will get 120V single phase / 120V/240V Split Phase or 208V.

This is Hybrid 20KW Solar Power Inverter, used for all kinds of home application, office equipment, solar power system, and other equipment which use single phase or three phase power. CPU, select high quality components carefully made, stable performance, high reliability. CPU intelligent control.

Our HI Series IGBT Power Inverter Charger/Off-Grid Inverter is the ultimate solution for reliable and efficient power management. Whether you seek backup power for emergencies or dream of going off-grid, this inverter empowers you to take control of your energy needs. * Utility battery charging.

We appreciate you providing your information. A member of the TANFON engineer team will be in touch within the next 24 hours to discuss your solar energy needs and create a customized solution:

Danish off-grid power frequency 20kw inverter
