Egypt energy storage battery project construction

Overview

Oslo/Cairo, 05 May 2025: Scatec ASA has commenced construction of its 1.1 GW Obelisk solar and 100 MW/200 MWh battery storage project in Egypt.

Oslo/Cairo, 05 May 2025: Scatec ASA has commenced construction of its 1.1 GW Obelisk solar and 100 MW/200 MWh battery storage project in Egypt.

Oslo/Cairo, 05 May 2025: Scatec ASA has commenced construction of its 1.1 GW Obelisk solar and 100 MW/200 MWh battery storage project in Egypt. The energy will be sold under a USD-denominated 25-year Power Purchase Agreement (PPA) with the Egyptian Electricity Transmission Company (EETC), backed by.

Norwegian developer Scatec ASA has signed a 25-year power purchase agreement (PPA) for a 1 GW solar array and 100 MW/200 MWh battery storage project in Egypt. CEO Terje Pilskog says it is Egypt's first hybrid solar-plus-battery project. Norway's Scatec has signed a 25-year PPA with Egyptian.

The Wierde agri-voltaic power plant, with nearly 23 000 pannels is the first large-scale agrivoltaic project in Belgium, 'agrivoltaïque' means a space where electricity is produced while continuing an agricultural activity. (Photo by Thierry Monasse/Getty Images). Image used for illustrative.

Renewable energy company Scatec ASA has commenced construction of a 1.1 GW solar project with 100 MW/200 MWh of accompanying battery energy storage in Egypt. Set to become the country's first hybrid solar and battery project, construction will take place over two phases. The first phase involves.

The first phase of 561 MW solar + 100 MW/200 MWh battery storage is targeted to reach commercial operational date (COD) in the first half of 2026 and the second phase of 564 MW solar in the second half of 2026. Norwegian renewable energy solutions provider Scatec has started construction of its 1.1.
