# Energy storage battery inventory

## Overview

---

What is a battery energy storage system?

A Battery Energy Storage System (BESS) secures electrical energy from renewable and non-renewable sources and collects and saves it in rechargeable batteries for use at a later date. When energy is needed, it is released from the BESS to power demand to lessen any disparity between energy demand and energy generation.

What is the European energy inventory storage dataset based on?

Disclaimer: The European Energy Inventory Storage dataset is mainly based on public data and data from Wood Mackenzie. Wood Mackenzie Limited, subject to any additional data modifications and/or input provided by the EC or any of its authorised 3rd party contributor.

What is included in the battery storage update?

This battery storage update includes summary data and visualizations on the capacity of large-scale battery storage systems by region and ownership type, battery storage co-located systems, applications served by battery storage, battery storage installation costs, and small-scale battery storage trends.

How will the energy storage industry perform in 2024?

InfoLink sees global energy-storage installation increase by 50% to 165 GWh and energy-storage cell shipments by 35% to 266 GWh in 2024. Database contains the global lithium-ion battery market supply and demand analysis, focusing on the cell segment in the ESS sector.

How important are batteries in EVs & storage applications?

Batteries in EVs and storage applications together are directly linked to close to 20% of the CO<sub>2</sub> emissions reductions needed in 2030 on the path to net zero emissions. Investment in batteries in the NZE Scenario reaches USD 800 billion by 2030, up 400% relative to 2023.

How many GWh of energy-storage cells were shipped in 2023?

The world shipped 196.7 GWh of energy-storage cells in 2023, with utility-scale and C&I energy storage projects accounting for 168.5 GWh and 28.1 GWh, respectively, according to the Global Lithium-Ion Battery Supply Chain Database of InfoLink.
