Grid-connected inverter sales in Pakistan

Overview

A 3kW inverter costs PKR 150,000–220,000, while 5kW models range from PKR 300,000–500,000. Hybrid systems (solar + grid) are pricier but offer backup during cloudy days. Buy during winter (lower demand). Compare prices online before visiting shops. Opt for inverters with local service centers.
