

## Kongres Container

# Guatemala off-grid lithium battery energy storage 25kw inverter

## Overview

---

This is the 25kwh battery stacked lithium LiFePO4 type with 5 battery layers and one off grid solar inverter on the top layer, each battery pack has a 5KWh capacity, you can also expand the battery to a larger capacity, and the 25kwh battery can support a parallel connection with a maximum of 15 units. 25kwh battery pack is compact in size and home appliance appearance design, suitable for residential and small commercial solar power system, power backups, and UPS power. What is a lithium ion battery inverter?

It reduces electricity costs and ensures reliable backup during outages. The Felicity 25kWh/48V Lithium-ion Battery Inverter battery is a premium deep-cycle lithium iron phosphate (LiFePO4) energy storage solution designed for modern solar power systems.

What is a Felicity battery inverter?

The Felicity 25kWh/48V Lithium-ion Battery Inverter battery is a high-capacity, long-lasting LiFePO4 energy storage solution ideal for solar systems in homes, offices, and off-grid locations. With a 25kWh capacity, built-in BMS, over 6000 charge cycles, and a 7-year warranty, it delivers safe, efficient, and maintenance-free power.

What is a 25 kWh battery & how does it work?

With a 25kWh capacity, built-in BMS, over 6000 charge cycles, and a 7-year warranty, it delivers safe, efficient, and maintenance-free power. It reduces electricity costs and ensures reliable backup during outages.
