Overview

What is an inverter generator?

Inverter generators are the smaller, cleaner, and quieter siblings of traditional portable generators. If you're looking to go camping, tailgating, or backup sensitive electronic devices around the house, then you should consider an inverter generator.

Are Inverter generators good for campers?

For campers, inverter generators provide portable power for RVs, handheld electronics and appliances, and they can supply energy to your home.

What is the best inverter generator?

“Inverter generators produce a pure sine wave, similar to household electricity, while standard generators output a square wave, which can damage sensitive electronics. Inverter generators also feature mufflers and sound enclosures, making them run more quietly.” Our best overall pick is the Westinghouse 4,500-watt inverter generator.

How much does an inverter Generator cost at Home Depot?

The average price for Inverter Generators ranges from \$50 to over \$5,000. Which brand has the largest assortment of Inverter Generators at The Home Depot?

has the largest assortment of Inverter Generators. Get free shipping on qualified Inverter Generators products or Buy Online Pick Up in Store today in the Outdoors Department.

What is a small recreational inverter generator?

Many small recreational inverter models have user-friendly features such as fuel-level indicators; some have wheels. They're designed to be carried with one hand. Compact Inverter Generators Compact inverter generators weigh

30 to 40 pounds and produce around 1,000 watts, enough power for light-duty tailgating or camping.

How do Inverter generators work?

Inverter generators produce DC power through fuel and then convert it into stable AC power. Inverter generators have high fuel efficiency. Their compact size makes them a great portable option and are also quieter than regular generators. Within Inverter Generators, we carry top brands for all your needs including , and .
