What is a rechargeable battery-operated camping floor fan?

Welcome to the world of rechargeable battery-operated camping floor fans – meet the iLiving Rechargeable Battery Operated Camping Floor Fan, High Velocity Portable Outdoor Fan with Metal Blade. With a built-in lithium battery, this powerful 18-inch fan runs for up to 30 hours in one full session so you're never left without airflow.

Does the iLiving portable fan have a battery pack?

**HIGH EFFICIENCY AND LONG LASTING BATTERY** - The iLiving portable fan comes with a built-in lithium-ion high performance battery pack, that will last through the whole day. The iLiving motor operates at a higher voltage than other battery fans, effectively using a lower current to maximize efficiency.

Where can I use the iLiving portable outdoor fan?

The iLiving portable outdoor fan can be used in many locations around your home or outside on the deck patio or lawn. With its USB charging port, this rechargeable battery operated floor fan is compatible with iPhone, Android, and all USB powered devices so you can find power wherever your travels take you.

What makes iLiving a good portable fan?

**CONVENIENT DESIGN** - The IPx4 indoor and outdoor rating makes it a must have on every occasion. We even designed a USB charging port for iPhone and Android mobile devices. The iLiving is not only a portable fan, it is also a portable power bank battery pack (USB cable for mobile devices is not included).

How long does a portable fan last?

With a built-in lithium battery, this powerful 18-inch fan runs for up to 30 hours in one full session so you're never left without airflow. This portable fan

is perfect for taking along on all your outdoor adventures.

How long does the iLiving fan last?

The iLiving motor operates at a higher voltage than other battery fans, effectively using a lower current to maximize efficiency. The 22.2V battery with 2600mAH will last from 4 - 30 hours on a full charge. **DURABLE METAL CONSTRUCTION** - The rechargeable portable industrial shroud fan is constructed with a full metal casing and metal fan guards.
