How much does a 4kw solar panel cost

Overview

On average, a 4 kW solar panel system costs \$11,200, according to real-world quotes on the EnergySage Marketplace from 2025 data. How much does a 4KW Solar System cost?

The average 4kW solar system cost in the U.S. is around \$2.77 per watt which ranges between \$10,000 and 15,000, including installation services and shipment. The final total cost of the 4kW system after the 26% federal tax credit discount would be between \$7,000 and 12,000.

How much power does a 4KW Solar System produce?

A 4kW solar panel system has a peak power rating of four kilowatts, meaning it would produce 4,000 kilowatt-hours (kWh) of electricity per year in standard test conditions. You can build a 4kW system by purchasing solar panels with peak output ratings that add up to 4,000 watts (W).

Can you build a 4KW Solar System?

You can build a 4kW system by purchasing solar panels with peak output ratings that add up to 4,000 watts (W). This doesn't mean your system will automatically produce 4,000kWh, as solar panel output depends on factors like your location, roof angle and direction, and the quality of the gear.

How big is a 4KW Solar System?

Each solar panel typically has a size of 17 square feet. Therefore, when considering a 4kW solar system that requires a minimum of 13 panels, the total footprint would be approximately 227 square feet. It is crucial to consider the available space on your property when planning to install a solar system of this size.

Can a 4 kilowatt solar system save you money?

If you've been considering solar, you're probably curious about costs —and maybe a little envious of neighbors who've already made the switch and are

enjoying lower electric bills. A 4 kilowatt (kW) solar panel system can help power your home while significantly reducing monthly utility costs.

How much does a 4KW system cost?

The final total cost of the 4kW system after the 26% federal tax credit discount would be between \$7,000 and 12,000. Having an understanding of the average cost of the components can help you do a better estimation.
