Huawei jointly develops energy storage system

Overview

Singapore, 13 May 2025 – Huawei International Pte. Ltd. (“Huawei”) and Keppel Ltd.’s Infrastructure Division (“Keppel”), have signed a non-binding Memorandum of Understanding (MOU) to collaborate on renewable energy solutions, focusing on photovoltaic (PV) systems and Battery.

Singapore, 13 May 2025 – Huawei International Pte. Ltd. (“Huawei”) and Keppel Ltd.’s Infrastructure Division (“Keppel”), have signed a non-binding Memorandum of Understanding (MOU) to collaborate on renewable energy solutions, focusing on photovoltaic (PV) systems and Battery.

Singapore, 13 May 2025 – Huawei International Pte. Ltd. (“Huawei”) and Keppel Ltd.’s Infrastructure Division (“Keppel”), have signed a non-binding Memorandum of Understanding (MOU) to collaborate on renewable energy solutions, focusing on photovoltaic (PV) systems and Battery Energy Storage System.

Keppel Infrastructure Division has signed a Memorandum of Understanding (MoU) with Huawei International to co-develop solar photovoltaic (PV) systems and battery energy storage system (BESS) technologies for interconnected power grids in Southeast Asia. The partnership, inked on May 13, will also.

The PV and BESS solutions will be tailored to selected projects, including interconnected power grids across Asean, low-carbon data centres, and smart industrial parks. Keppel’s Infrastructure Division signed a non-binding memorandum of understanding with Huawei International to co-develop.

The first phase of the 8MWh energy storage power station newly developed by Xinchengrui Technology Co., Ltd. (hereinafter referred to as "Xinchengrui") has entered the grid-connected trial operation stage, and the second phase 8MWh project is also under development, all of which use Huawei's.

- GoldenPeaks Capital and Huawei sign a strategic MoU to deploy 500MWh of grid-forming battery energy storage systems (BESS) across Central and Eastern Europe.
- Partnership strengthens grid stability amid rising renewable integration, aligning with EU carbon neutrality and energy resilience goals.

On July 29, Shandong Energy Group and Huawei Technologies Co., Ltd. signed a deepened strategic cooperation agreement in Shenzhen, marking a new phase of higher-level and broader collaboration between the two parties. Li Wei, Party Secretary and Chairman of Shandong Energy Group, held discussions.
