

Kongres Container

Iceland container mobile power house

Overview

Where can a portable power container be used?

The MOBIPOWER portable power container can be used virtually anywhere on the planet and will produce and store all the power you will need.

What is E-house (prefabricated electrical room) container?

E-House (prefabricated electrical room) Container is a prefabricated walk-in modular steel structure outdoor box that can accommodate medium voltage (MV) and low voltage (LV) switchgear and auxiliary equipment. It is often called PowerHouse or Power Distribution Center.

What is E-House container?

Efficient integration: E-House Container integrates professional equipment such as electrical, instrumentation, structure, HVAC, and fire protection, and ensures high integration and efficient operation through complete testing and manufacturing in the factory.
