Inverter 8500W 12V

Overview

What is a champion power equipment 8500 watt generator?

The Champion Power Equipment 8500-Watt Electric Start Dual Fuel Inverter Generator with CO Shield® is ultra-quiet and ideal for camping, tailgating, powering items around the RV or providing backup for your essentials. Champion's EZ Start Dial makes getting started quick and easy.

How does a dual fuel inverter work?

Operate your Dual Fuel inverter right out of the box on gasoline or propane, and easily switch fuels with the EZ Start dial. When the 5.33-gallon tank of gasoline is full, the 420cc Champion engine produces 8500 starting watts and 7000 running watts and will run for up to 14 hours at 25% load.

How long does a champion inverter generator last?

Champion's 8500-watt dual fuel inverter generator features CO Shield® carbon monoxide auto shutoff system. The advanced technology and design will improve the way you power your life. The 420cc engine runs for up to 14 hours on gasoline or up to 12 hours with a 20-lb propane tank.

How loud is an electric inverter?

Featuring Cold Start technology, extended run time, electric start with battery and an easy to read fuel gauge. With a 1.2-quart oil capacity (included 10W-30) and a low oil shut-off sensor, this inverter operates at an ultra-quiet 64 dBA from 23 feet, which is about as loud as normal speech.
