Inverter high frequency 1kW

Overview

● 1kW power rating, 3000VA peak power, 12V/24V applicable, support 1 hp starter motor, utility output efficiency over 99%. ● Innovative microchip technology, pure sine wave output, utility/DC input flexible adaptation. ● Suitable for off-grid solar systems, it offers a variety of.

● 1kW power rating, 3000VA peak power, 12V/24V applicable, support 1 hp starter motor, utility output efficiency over 99%. ● Innovative microchip technology, pure sine wave output, utility/DC input flexible adaptation. ● Suitable for off-grid solar systems, it offers a variety of.

Provides ultra-pure pure sine wave output AC power supply, which is very important for induction equipment that requires high current at startup. The chip controls overvoltage, overload, overcurrent, undervoltage, overtemperature and short circuit protection, when the inverter is in protection When.

HJ-MG0001-W series micro inverters have 2 input channels with independent MPPT functions and high input current and output power to adapt to today's higher-power power modules. Users can directly connect their mobile phones to HJ-MG0001-W via Bluetooth to obtain real-time data of the photovoltaic.

Weight: Low-frequency inverters are generally heavier than high-frequency inverters, mainly due to their larger and heavier transformers. Efficiency: Low-frequency inverters are known for their robustness and ability to handle high surge currents, making them suitable for powering heavy-duty.

Advanced SPWM modulation technology with pure sine wave output and high power quality. High conversion efficiency, low losses and low harmonic distortion rate. Multiple operating modes for maximum power savings. Bluetooth as standard, supports mobile phone app to view device operating parameters.

This is a multi-function inverter/charger, combining functions of inverter, MPPT 40A/60A solar charger and battery charger to offer uninterrupted power support with portable size. Its comprehensive LCD display offers

userconfigurable and easy-accessible button operation such as battery charging.

NOVA PURE 1K | 1000 Watt (1kW) 12 Volt Industrial Pure Sine Wave Inverter | Powerful 1000W 12V Off-Grid Inverter for RVs, Trailers, Campers, Vans, Trucks, Overlanders, Boats | Top Rated is backordered and will ship as soon as it is back in stock. Check out our full Warranty page here for more.
