Is Senegal s 5G communication a shared base station

Overview

Does Senegal have a 5G license?

Senegal's telecoms regulator (L'Autorite de Regulation des Telecommunications et des Postes, or ARTP) has granted a "provisional" 5G license to Sonatel (Orange Senegal) as the country moves forward with plans to launch the fifth-generation technology.

Does Sonatel have a 5G pilot in Senegal?

Sonatel, which trades as Orange in Senegal through that company's controlling stake, has launched commercial 5G pilot to provide fixed and mobile internet to residential and business customers in the country. The operator has invited prospective customers to see 5G in action at the Orange Digital Center (ODC) in Dakar.

When did Senegalese start 5G?

In July 2023, Sonatel became the first Senegalese operator to acquire a 5G license in the country, for nearly \$57 million. In March 2024, it announced the launch of ultra-high-speed commercial internet exclusively for residential and business customers. Senegalese telecom company Sonatel (Orange) announced the launch.

Does Senegal have a 4G network?

Sonatel the historic public operator of telecommunications in Senegal currently works under the brand, Orange, a French-based company. Orange has launched 4G and 4G+, while Free obtained its 4G License in 2018. Cable Services - In 2017, Senegal's bandwidth was 23 Gigabytes/second (Gb/s).

Is free Senegal launching 5G in 2022?

Free Senegal also launched an experimental phase of 5G in June 2022. In July 2022, Sonatel, along with its parent company Orange, opened a 5G Lab in the capital, Dakar. In March 2023, ARTP instructed Sonatel and Free to halt their

network trials and submit a progress report to the regulator.

Will Sonatel's 5G mobile service democratize the Senegalese telecom market?

The launch of Sonatel's 5G mobile service is expected to democratize the service in a Senegalese telecom market dominated by mobile consumers. It should also help the company strengthen its market-leading position, particularly in the Internet segment.
