# Is there a place to replace the battery cabinet in Rwanda

## Overview

---

There are currently a limited number of swap stations in Kigali, which are mostly in central urban areas with easy access to the power grid.

There are currently a limited number of swap stations in Kigali, which are mostly in central urban areas with easy access to the power grid.

Rwanda is a country in central and eastern Africa, and its economy has developed rapidly in recent years. In Rwanda, there is a certain potential for the demand for electric vehicles, which provides a market basis for battery swap cabinets. However, there are also some challenges in the market.

May 16, 2024 – Spiro, Africa's largest electric vehicle (EV) player, celebrated a significant milestone yesterday with the launch of its first automated swap station in Kigali. The event, held at Spiro's main showroom, marked the beginning of a series of six automated swap stations set to.
