Japanese portable AC power supply

Overview

How many watts can a Japan Travel Adapter charge?

☐8 in 1 Japan Power Adapter☐- The japan travel adapter provides 4 AC outlets to accept both standard N American 2 or 3 prong flat pin plug, max capacity up to 3250 Watt, 250 V/13A; 4 USB ports can charge up to 5V/3.1A. Allowing you charge 8 devices simultaneously.

What is a portable power station?

Our Portable Power Stations allow you to charge your devices, run lights, and power your other essentials. Best practices for charging your power station include utilizing solar panels to harness renewable energy during your outdoor excursions. By integrating a solar input, you can keep your power station replenished while enjoying nature.
