Lesotho Communication Base Station solar Power Generation System Factory

Overview

How much electricity does Lesotho generate?

Lesotho currently generates electricity through the Muela Hydro Power Station which only provides 72MW and this is not enough to meet the country's base load estimated at 160MW. The situation is even worse during peak hours, especially in winter.

Who is responsible for the operation and maintenance of Lesotho electricity generation company?

The Lesotho Electricity Generation Company, as the operator of the project, will take over the operation and maintenance of the project after the completion of the project. At that time, the contractor plans to train the engineers of LEGCO in operation and maintenance so that they can be competent for the work.

Who owns Lesotho electricity generation company (LegCo)?

The Lesotho Electricity Generation Company (LEGCO) is a company wholly owned by the Government of Lesotho. LEGCO was incorporated on the 29 th January 2020 as a public company under the Companies Act of 2011. It commenced its full operations on the 1 st September 2020.
