What is a hysolis power station?

A Reliable Power Station. Built to Last. Hysolis is a high quality, all-in-one power station designed to store power from the sun so that you can take care of your family and power your home, off-grid sanctuary, and more. Power that keeps on giving. Scale up the system to meet your power needs.

How do you cool a basement with solar power?

Solar wires run into garage, through drywall and down to basement with solar charging connection to newer version of Hysolis (MPS3K). Extension cord to mostly subterranean basement 5000 BTU window unit. I was able to cool the whole basement using solar energy only. Battery charge remained close to

100%.
