Overview

Do portable power stations make camping better?

A good portable power station makes camping better. These devices power lights, phones, and small appliances when you're outdoors. We spent three months testing power stations to find the best portable power stations for camping. We tested 30 portable power stations over 12 camping trips.

Why should you buy a portable power station?

Bring big backup power with you with these expert-recommended portable power stations, which can store enough power to charge electronics, appliances, and more.

Where can I find portable power stations?

Find portable power stations at Lowe's today. Shop portable power stations and a variety of electrical products online at [Lowe's.com](https://www.lowes.com).

How long does a portable power station last?

A portable power station's lifespan depends on the type of battery inside. Most new portable power stations, including all the models we recommend here, feature LiFePO4 battery technology, which lasts far longer than older lithium-ion technology. How much more?

LiFePO4 power stations will last for more than 3,000 charge cycles, or about 10 years.

What are the performance metrics for portable power stations?

Currently, we look at two main performance metrics for portable power stations: charge time and discharge capacity. Every company that sells portable power stations provides the expected number of watt-hours its products are supposed to last. That can vary from as low as 240 watt hours to as many as 2,000 watt hours for a larger power station.

Can a portable power station run a home if the grid goes down?

Smaller portable power stations might not be able to run your home when the grid goes down, but they can be plenty helpful on camping trips or remote work excursions. These typically will offer 300-600 Wh of juice and will put out close to the same figures in output watts.
