Mozambique s new communication base station inverter

Overview

Will a second floating liquefied natural gas platform make Mozambique a top producer?

Italian energy group Eni and its partners signed off on Thursday on a project to build a second floating liquefied natural gas platform, Coral North, offshore Mozambique that will make the country a top African LNG producer.

Will Liquefied Natural Gas Project Restart in Mozambique?

Italy's Saipem is confident that a \$20-billion liquefied natural gas project in Mozambique for TotalEnergies will restart by the end of the summer, the CEO of the energy contractor said on Thursday.

Will Mozambique lift force majeure on liquefied natural gas project?

Mozambique President Daniel Chapo said on Thursday that the conditions have been met for French energy company TotalEnergies to lift force majeure on its \$20 billion liquefied natural gas (LNG) project in the Southern African country.

Will Eni agree a final investment decision for Mozambique's liquefied natural gas platform?

Italian energy group Eni is expected to agree a final investment decision for Mozambique's second floating liquefied natural gas (LNG) platform at an event in the capital Maputo on Thursday, two sources familiar with the matter told Reuters.
