Myanmar fixed-point energy storage project

Overview

Myanmar, February 8, 2025 – Solis, a global leader in renewable energy, has unveiled a groundbreaking off-grid Battery Energy Storage System (BESS) in Myanmar, marking a significant advancement in sustainable energy solutions. What is China-Myanmar Oil & Gas Pipeline?

Solving Power Supply Challenges, Ensuring Stable Operation of Energy Hubs
The China-Myanmar oil and gas pipeline project stretches from Kyaukpyu in Myanmar to Ruili in China. As a cornerstone of energy cooperation between the two countries, it is one of China's four major "lifelines" for energy.

Why is Yenangyaung a 'lifeline' for China-Myanmar energy cooperation?

As a cornerstone of energy cooperation between the two countries, it is one of China's four major "lifelines" for energy. The Yenangyaung Natural Gas Distribution Station plays a crucial role in the China-Myanmar pipeline but has long faced challenges with an unstable power supply.

What is Sigenstor doing in Myanmar?

At the Yenangyaung Natural Gas Distribution Station in Myanmar, a key energy hub connecting China and Myanmar, ten SigenStor units are ensuring a seamless power supply to critical equipment, supporting stable operations while advancing zero-carbon goals.
