Overview

Will a new charging station save Denver residents money?

Buzze, Koelbel and Company, and City of Denver officials gathered on Thursday to celebrate the occasion with a ribbon cutting ceremony at the Sienna at Sloan's Lake. The multi-family community was an affordable housing project, and officials said the new charging station can help save residents money.

Will a new EV charging station open in Sloan's Lake?

In an effort to expand Denver's electric vehicle infrastructure to communities with less access, two companies joined forces to open a new EV charging station in the Sloan's Lake neighborhood.

Did Duke Energy get approval for two new natural gas units?

Duke Energy Indiana has received approval for two new natural gas units at Cayuga Station in Vermillion County, Indiana, after about six months of sparring with opponents before the Indiana Utility Regulatory Commission (IURC).
