A consortium including Abu Dhabi Future Energy Co. (Masdar), Al Khadra Partners, Korea Midland Power Co. and OQ Alternative Energy have been chosen to build a 500 MW solar project in Oman, integrated with a 100 MWh battery energy storage system. A consortium led by Abu Dhabi-based renewables.

Muscat – Nama Power and Water Procurement (PWP) signed an agreement on Monday with a consortium led by Masdar to develop Oman’s first utility-scale solar and battery storage project with an investment of RO115mn. The Ibri III Solar Independent Power Project will combine a 500MW photovoltaic plant.

Paul Smith, SVP Global Sales — Energy Dome, pictured at the company’s stall at the Oman Climate Week Expo that opened in Muscat on February 24, 2025. The multi-day expo has been organised by Omani events firm Birba with the support of the Environment Authority. MUSCAT, FEB 24 Key agreements are set.

A Masdar-led consortium has secured a significant 500 MW solar photovoltaic (PV) and 100 MWh battery energy storage system (BESS) project in Oman, marking a substantial step in the nation’s energy transition. This development means the power grid will gain enhanced flexibility and stability, as the.

A consortium led by Masdar has signed an agreement with Nama Power and Water Procurement to build Oman’s first utility-scale solar and battery energy storage facility. The group—comprising Masdar, Al Khadra Partners, Korea

Midland Power Co. Ltd, and OQ Alternative Energy—will develop the Ibri III.

Muscat: Nama Power and Water Procurement (PWP) has signed an agreement for the development of the Sultanate of Oman’s first utility-scale solar and battery storage project. The project will be developed by a consortium that includes Abu Dhabi Future Energy Company PJSC – Masdar, Al Khadra Partners.
