Overview

What is the TP-Link outdoor wireless base station?

The TP-LINK Outdoor Wireless Base Station pairs professional performance with user-friendly design, making it the perfect solution for both business and home users. Two external RP-SMA antenna interfaces allow the Outdoor Wireless Base Station to integrate seamlessly with TP-LINK's line of sector and dish antennas.

What are the different types of base station antennas?

Here, you will find a variety of base station antenna options to choose from: Indoor and/or Outdoor Base Station Antennas, Omnidirectional Base Station Antennas, VHF Base Station Antennas, Yagi Antennas, Discone Antennas, and More! A few of our most popular base station antennas are the PROTON99 and the PATRIOT.

What are the best base station antennas?

A few of our most popular base station antennas are the PROTON99 and the PATRIOT. Same with a vehicle antenna, the longer and higher the antenna is, the more range you will get.
