# PV investors invest in energy storage

## Overview

---

What's going on with energy storage investment in 2024?

Private equity and venture capital investments in the battery energy storage system, energy management and energy storage sector so far in 2024 have exceeded 2023's levels and are on pace to reach one of the highest annual totals in five years.

How do private equity investors invest in solar and wind energy?

By acquiring solar and wind energy firms, private equity investors gain access to existing projects, development pipelines, and operational expertise. Firms such as Actis Capital and Copenhagen Infrastructure Partners (CIP) have built extensive portfolios by buying stakes in energy developers.

Why should investors invest in private equity?

With global energy transitions accelerating, investors recognize the potential for stable, long-term returns. Private equity firms are playing a crucial role in financing large-scale solar, wind, and energy storage projects, acquiring renewable energy developers, and structuring innovative deals to maximize returns.

Why should you invest in battery storage?

The battery storage sector stands at the nexus of global energy transition, presenting a compelling investment opportunity driven by an accelerating shift to renewables, surging electricity demand from new industrial loads, and supportive policy frameworks worldwide.

Who is Powin energy storage?

Powin is a U.S.-based global energy storage integrator committed to providing clean, resilient, and affordable power. The company offers fully integrated utility-scale battery energy storage systems, leveraging data-driven software controls and proven hardware.

Which sector has the most battery energy storage deals?

The industrial sector secured the most battery energy storage system deals, followed closely by the energy and utility sector. In the largest transaction, battery storage company NineDot Holdings Inc. raised \$225 million in a round of funding led by Manulife Investment Management Ltd., with participation from existing backer The Carlyle Group Inc.
