Portugal s telecommunications base station inverter connected to the grid

Overview

Does Portugal have a new PV Grid?

It marks the first time since June 2019 that the Portuguese government has ensured the integration of fresh PV capacity into the power network. In total, the ministry has granted grid-connection permits for 5 GW of upcoming projects to link to the high-voltage grid, along with 1 GW for connection to E-Grids operating at lower voltage levels.

Does Portugal have a cross-border electricity network?

In addition, the country is also exploring new cross-border electricity connections with the rest of Europe to enhance the stability and flexibility of its power network. Portugal is interconnected with Spain only (3 GW for export and 3.6 GW for import). Portugal plans to invest €400m to strengthen and modernise its electricity grid.

Will Portugal invest €400m to strengthen and modernise its electricity grid?

Portugal plans to invest €400m to strengthen and modernise its electricity grid. The Portuguese Government has announced plans to invest €400m to strengthen its electricity grid. The investment is meant to fund a 31-measure package to enhance the resilience and security of the grid.

How many GW of grid-connection permits does Portugal have?

Portugal's Ministry of the Environment has awarded 5 GW of grid-connection permits, primarily for PV projects. These permits cover 5 GW for power plants linked to the high-voltage transmission network and an additional 1 GW for projects connected to E-Grids at lower voltage levels.

Will new solar energy projects connect to the grid in Portugal?

The Portuguese Ministry of the Environment has approved a new set of solar energy projects to connect to the grid, in collaboration with grid operators REN and E-Redes. It marks the first time since June 2019 that the Portuguese

government has ensured the integration of fresh PV capacity into the power network.

Does Portugal have a new grid code?

Like Spain, Portugal also began developing a new grid code based on the European regulation EU 2016/631. In particular, Portugal launched an ordinance, 'Portaria n.o 73/2020', in March 2020 .
