Senegal power generation container house bidding

Overview

When will a battery energy storage system start in Senegal?

Construction of the battery energy storage system is expected to commence in early 2024 at the Tobène substation in Thies and is expected to become operational in 2025. Once complete, it will be one of the largest of its kind in West Africa, and will help Senegal to avoid approximately 37,000 tonnes of carbon dioxide emissions each year.

How does Senegal support regional energy cooperation?

Senegal supports regional energy cooperation as a member of the West African Power Pool (WAPP) and is a member of regional organizations to develop hydroelectricity resources on the Senegal (OMVS – Senegal River Basin Development Organization) and Gambia (OMVG – Gambia River Basin Development Organization) rivers.

Where is a Bess project being built in Senegal?

The BESS is to be built at the Tobène substation in Thies, Senegal. It will be operated by Infinity Power's 158.7 MW wind farm in Senegal, Parc Eolien Taiba N'Diaye (PETN)
