Smart Energy Storage Battery Cabinet Base Station and Price

Overview

What is a rack mount battery system?

Our stackable, rack mount battery systems are designed for residential, commercial, industrial and utility scale applications. It provides reliable power storage solutions and is suitable for a variety of applications. It has a long lifespan and can be used in a wide variety of environments, making it an ideal choice for any energy storage needs.

What is a scalable battery solution for 208v & 480V projects?

Scalable battery solutions for 208V and 480V projects, using safe lithium iron phosphate battery modules, integrated fire-suppression and temperature-controlled HVAC systems. Advanced bi-directional inverters intelligently manage energy to reduce demand charges and expensive peak charge rates.

What is a megawatt-hour containerized energy solution?

An advanced megawatt-hour containerized energy solution that includes multi-level fire suppression and independent temperature-controlled battery strings to ensure stable performance and maximum system life.
