Solar module system control cabinet

Overview

What is a solar battery box?

This product is perhaps more commonly called a "solar battery box" but is also referred to as a "pole mount battery box". Some battery boxes are large enough to be considered battery cabinets and are usually made from painted steel. Battery enclosures keep your batteries safe from weather and safe from theft.

What is a sunwize power ups cabinet?

The SunWize Power UPS Cabinets are targeted for battery backup system applications. These white powder-coated aluminum enclosures feature hinged, key lockable doors with dust covers on locks and gasketed doors.

What are Apollo solar pre-wired cabinets?

The Apollo Solar Pre-Wired Cabinets are the latest in the line of products designed to meet the exacting needs of installers. In our factory, we assemble a complete solar energy system with Charge Controllers, Inverter/Chargers along with all the proper size Circuit Breakers and external connectors.

What applications can sunwize power & battery Battery enclosures be used for?

applications! Sunwize Power & Battery Battery Enclosures are available in various sizes and configurations for housing batteries and support equipment, engineered specifically for the PV industry but suitable in a wide variety of applications. Most of our enclosures are designed to NEMA3R and rated for outdoor use.

What are Apollo solar pre-wired panels (PWP)?

Apollo Solar Pre-Wired Panels (PWP) save time for the installers on site and they eliminate the possibility for errors. The necessary Charge Controllers and Inverters are mounted, along with the Circuit Breakers and wire termination

point on an aluminum panel. The internal wiring is completed and the panel is fully tested in our factory.
