

Kongres Container

Solar panels for solar on-site energy

Single group (5 KWH)

Wall mounting display

Stack installation display

Cabinet and rack installation display

Overview

Why should you install solar panels?

Generate your own clean energy from the sun for free with solar. Add Powerwall to store your energy for use anytime you need it. Flexible financing and low monthly lease options can help you secure the best price for your solar system. By installing solar panels, you can also reduce your reliance on traditional energy sources.

Is rooftop solar a good option for a building?

Rooftop solar remains one of the most accessible and cost-effective ways to generate on-site power, particularly for facilities with high daytime energy usage. These systems can typically offset a large portion of energy consumption in a building and are relatively simple to install.

Why should you use Tesla Solar panels?

Generate your own clean energy whenever the sun is shining with Tesla solar panels. Power everything from your TV to the internet with solar energy. Save excess solar energy in Powerwall for use during storms and outages, or when utility prices are high.

How does Tesla Solar work?

Power everything from your TV to the internet with solar energy. Save excess solar energy in Powerwall for use during storms and outages, or when utility prices are high. Tesla solar makes it easy to produce clean, renewable energy for your home and to take control of your energy use.

How does solar power benefit the environment?

Solar power benefits the environment. Adopting renewable energy helps to improve air and water quality and helps the country reduce greenhouse gas emissions that exacerbate climate change. DOE partners with national labs to develop innovations that lower the costs of solar energy.

Why should you buy a solar system?

Flexible financing and low monthly lease options can help you secure the best price for your solar system. By installing solar panels, you can also reduce your reliance on traditional energy sources. Power your home with emissions-free, renewable energy directly from the sun.
