Turkmenistan lithium battery pack custom manufacturer

Overview

Who makes custom lithium-ion battery packs?

As a pioneer in future-ready power solutions, CMB is your trusted partner for custom lithium-ion battery packs. CMB's 21700 Li-ion battery packs offer advanced lithium-ion battery technology in compact and high-energy-density packaging. They provide superior power and longevity suitable for various applications.

What is a lithium battery pack design?

The process encompasses basic and advanced lithium battery pack design features, each tailored to meet specific requirements. This includes intrinsically safe designs for harsh environments, custom battery chargers, custom molded enclosures up to IP68 for extreme protection, and complex battery management systems to ensure safety and longevity.

Is a custom battery pack better than a lithium-ion battery pack?

In some instances, a custom NiMH battery pack or custom alkaline battery pack may perform better than a lithium-ion battery pack, while keeping your costs lower. When involving our team of engineers early on in the design process, we can help assist you in choosing the proper custom battery solutions for your needs.

What is a custom battery pack assembly service?

CMB's custom battery pack assembly services involve evaluating battery chemistries, casing design, and management systems based on customer needs. The process encompasses basic and advanced lithium battery pack design features, each tailored to meet specific requirements.

Why should you choose CMB for a custom lithium-ion battery pack?

Whether for small or large orders, we offer competitive pricing and on-time delivery. As a pioneer in future-ready power solutions, CMB is your trusted

partner for custom lithium-ion battery packs. CMB's 21700 Li-ion battery packs offer advanced lithium-ion battery technology in compact and high-energy-density packaging.

Can you build a custom battery pack using Tadiran tli-1550a?

We are an authorized Tadiran Value Added Distributor (VAD) and can build a custom battery pack using this cell, based on your specifications. Tadiran TLI-1550A is a 4.0 V, lithium Ion, TLI Series cell that can deliver up to 20 years of operational life with 5,000 full recharge cycles.
